With the announcement of a and Mr. Vernon Evans, director of Harding High school band practice. With the exception of the organization of the high school orchestra, all who are in charge of the band and piano groups, probably on Monday, the work of the Marion public school music department is well under way.

T. R. Evans, supervisor of music in the schools, already is preparing to make the 1933-34 school year outstanding from a music angle to the young people at Harding. Tentative plans have been made for a music festival in the spring which will include all music students in the elementary and junior and senior high schools.

The high school band will number approximately 50 members this year. Mr. Evans will try to get the band ready for the opening football game Sept. 23 between Harding

THE LUNAR aspects of this day, while indicating some advancement, gain or progress, with business, finances or investments, at least holding their own, yet there are signs of peculiar dangers, disturbances and disruptions, affecting the private life and associations as well as business. There may be a sudden visitation, including travel or radical measures, not advantageous or profitable. This should be met with sagacity and calmness. Be discreet also in personal contacts.

Those whose birthday it is, although having some satisfactory condition in finances, investments or speculation, with some aid or friendly cooperation, may encounter peculiar circumstances of a perplexing and disquieting nature. Disturbed and restless conditions may suddenly incite to ill-advised moves, or contacts with strangers may lead to anxious or compromising situations. Private affairs are under a particular menace of these unusual complications.

A child born on this day may be rather restless and irresponsible, with peculiar conditions and entanglements in its life. Notable nativity: Wm. H. Taft, ex-president U. S.

**BACKSEAT DRIVERS**

A man may smile tolerantly when a woman calls him a "brute" or a "Don Juan"—but he will never forgive her for calling him "good-goody."

Thanks to the beneficial effects of prohibition, the woman who used to prepare speeches on "The Modern Poets" for the Culture club is now busy preparing deadly cocktails for the Bridge club.

It must be a shocking disappointment to the girl who thought she had landed a Big Fish to discover, after the honeymoon, that she merely tied herself to an old crab.

There is no such thing as "modern morals." The morals (or immorals) of today, like most of our architecture, were popular in Greece two thousand years ago.

Man is Nature's Pet, but in just one thing woman got the better break. A girl can do everything imaginable to wreck and discourage her hair and yet manage to have a thick mop of it, while a man can work overtime with tonics and perfume, and still suffer the slow torture of seeing his mane grow thinner and thinner.

You can always measure a girl's prospects of landing a husband by the amount of enthusiasm she shows for another girl's wedding plans.

The average man is a reasonable creature and there are only three things for which he will not forgive a woman—for pursuing him, for embarrassing him and for booring him.

A woman of 35 never realizes that she has one foot in the grave until she attempts to be just "good girls" with a 16-year-old daughter.

"Sometimes," says the cynical bachelor, "one wonders how many back seat drivers Solomon took along to tell him how to steer the camel."

### Guard Against Pleurisy.

At the close of the year doctors call to determine just what the trouble is.

My advice to every sufferer from pleurisy is that he consult with a physician immediately. It is always best to have an X-ray examination made of the chest. This is especially essential when there have been repeated attacks of pleurisy.

There is always danger in the use of home remedies. It is true that these are often obtained, but the danger of complications and the overuse of a remedy is a disorder must be considered. It is better at times to rely upon experienced medical advice.

Hear in mind that there are several forms of pleurisy. Mild and dry pleurisy is easily controlled by strapping the chest. When fluid accumulates in the lung or when pain appears the disorder demands expert medical attention and promptly supervised nursing.

**ANSWERS TO HEALTH QUERIES**

Overcoat, Is Q.—Is it dangerous to the health to wear particles of chipped or broken glass?

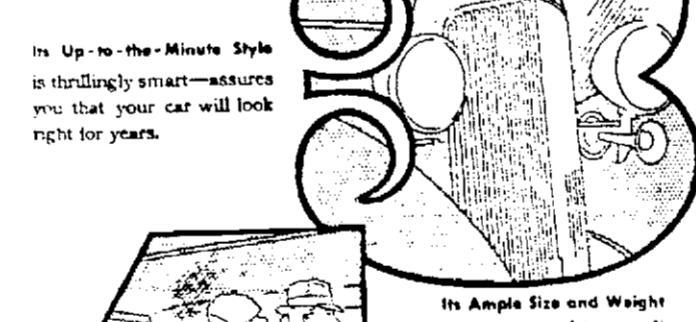

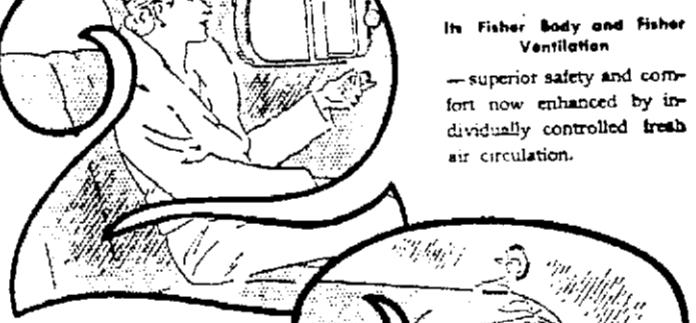

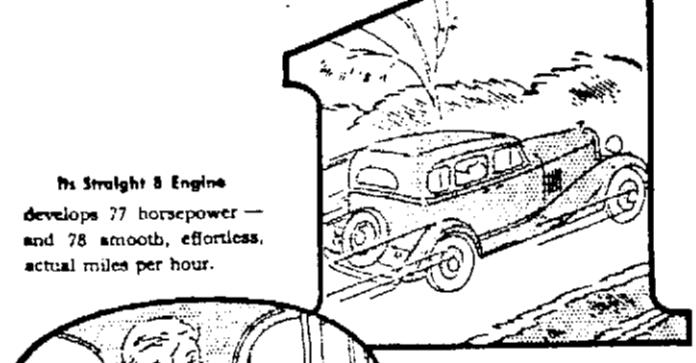

A. Yes. V.L.P.—Q.—What causes the hands and arms to go to sleep and become numb during the night?

A. This is probably due to poor circulation. Build up the general health and your circulation will improve. Copyright 1933, King Features Syndicate, Inc.

# LITTLE CHANGE IN ENROLLMENT

Number of Pupils in County Schools About Same as Last Year.

Enrollment in Marion county schools is practically equal to that of last year, according to reports today from the office of D. T. Mills, county superintendent of schools. With reports in from all but two schools, the enrollment was estimated at 3,129 pupils, compared with a total of 3,172 last year. This year's total was based on the belief that the Caledonia and Meeker schools, which have not reported their enrollment, will have approximately the same number as last year, or 255 and 185 respectively.

Mills said there probably will be some slight additions to the enrollment, through late registrations, which would bring the total closer to equaling that of last year.

Increases over last year were reported from five centralized schools: Agosta, Claridon, LaRue, Marion and Waldo, while eight one-room schools in Marion township reported an increase of 12 students over last year's figure of 142 pupils.

The increases at Claridon and Waldo are accounted for, Mr. Mills said, by the transfer of pupils from the three Richland township schools, which were abandoned this year.

Figures announced for all schools but Caledonia and Meeker follow, with last year's figure listed second in each case: Agosta, 175; this year, 174; last year, Claridon, 173, 133; Grand Prairie, 83, 101; Green Camp, 225, 208; LaRue, 396, 378; Morral, 155, 170; Pleasant, 333, 366; Prospect, 402, 427; Kirkpatrick, 116, 119; Marion, 164, 163; Waldo, 260, 250.

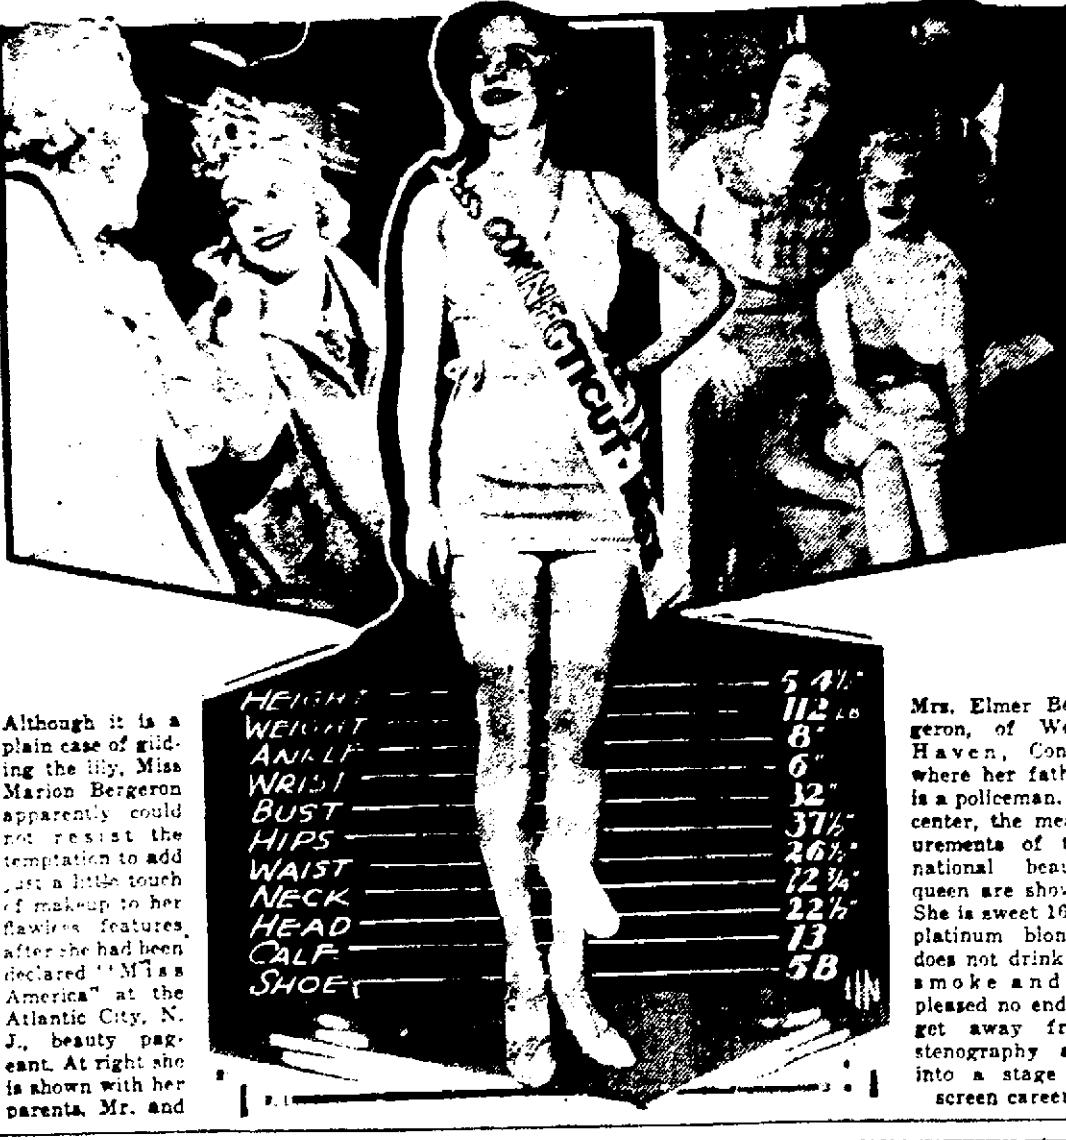

Marion township school enrollment follows: Campbell school, 30; Clark, 20; Lawrence, 45; Linn, 18; Reber, 12; Sherrick, 14; Smelter, 25; Starner, 20.

## Must Register

(WILL ROGERS SPECIAL)  
BEVERLY HILLS, Calif., Sept. 14. Say, Los Angeles, I'm through with something yesterday that looks like one of the best measures to help offset this crime racket. It looks like every time a man commits a crime and is caught his prison record reads like he had been a tourist inmate of every prison worth attending. There hasn't been an amateur crook caught in years.

Well, Los Angeles makes every visiting ex-criminal register. "Course you will say, "Yes, but he won't register." Well, that's the catch. If he don't, he is liable to six months imprisonment for not complying with the law.

Certain state parolees are asked to save injustice to ones who are doing right, but it's mainly to catch the visiting gentlemen. It might be worth you other towns looking into.

"PEG O' MY HEART" BOOKED AT PALACE FRIDAY, SATURDAY

"Sweetheart Darlin," hit song of "Peg O' My Heart," which will be shown Friday and Saturday at the Palace, is one of those tunes that linger after the show.

Marion Davies, one of the first Ziegfeld girls to go into silent pictures, dons short dresses and a pig-tail wig for her interpretation of the heroine of the famous play.

Supporting the stars are Onslow Stevens, J. Farrell MacDonald, Juliette Compton, Irene Brown and Alan Mowbray.

Laurette Taylor made the role of "Peg" famous on the stage when the play ran for two years at the Old Cort theater in New York, back in 1912.

Robert Z. Leonard who directed Miss Davies in several of her talking pictures, was her director for "Peg."

## WEIDEMAIER ELECTED AS WHEAT DIRECTOR

Is Seventh Man Chosen for County Board; Meeting Held at Kirkpatrick.

Joe W. Weidemaier of north of Martel was elected last night as the seventh of nine directors of the Marion County Wheat Production Control association at a meeting of 60 wheat farmers in Tully and Scott townships in the Kirkpatrick school building.

Weidemaier also will serve as the chairman of the community committee, to which Loren E. Wal and Ira E. Beers, both of Scott township, were elected members.

Thirty-four applications for contracts were turned in last night. The community committee made plans for meetings Thursday and Friday nights of next week at which farmers turning in applications last night may obtain further information. They will be assisted in filing threshers' receipts and other certificates. All other farmers are welcome, members said.

The first of the two meetings will be held Sept. 21 at the Martel school and the following night at the Kirkpatrick school, both starting at 8 p.m.

Tonight at 8:30 farmers of Grange township and that part of Big Island township southwest and west of the Harding highway and north of state route 95 will meet in the Meeker school building. R. H. Gilbert, emergency agricultural assistant for the county, will be in charge.

If 75 per cent of the small dealers in this district would agree on a standard schedule of prices, to be fixed at a definite margin under the Cleveland terminal market, farmers and poultry raisers could easily learn what prices they would receive, from day to day, for their poultry. Chiseling, price cutting and unfair competitive practices would be eliminated.

Both Mr. Sowers and Mr. Underwood said they were convinced that the organization will expand to include other sections of the state and eventually become a statewide organization. They said they had sent letters to dealers in counties bordering on this district, urging them to bring new counties into the organization.

The establishment of standard prices, already done by the Cleveland packers buying from Marion poultry shippers, has resulted in an increase in poultry quotations in the last few days, Mr. Underwood said. If a standard quotation, fixed here, farmers would receive better prices and dealers would make a legitimate profit, he asserted.

## MERCHANTS TO MAKE NRA PARADE QUEENS COTTON TAX REPORTS

Revenue Collector Will Be Here To Aid in Drawing Returns.

Notice to merchants regarding the cotton processing tax they must pay to the internal revenue department by Sept. 30 was received today by Postmaster Pierach.

The notice states that B. H. Little, representative of the internal revenue department, will be in the courthouse here Sept. 18, 19, and 20 to assist merchants in the preparation of returns showing the amount of cotton merchandise by weight in their stocks. Merchandise which has its chief value in the cotton content and which was in the store on Aug. 1, 1933, and unsold on Aug. 31, 1933, is taxable at the rate of .04154¢, a cent a pound on the net weight of the cotton content the notice said.

This tax is to be paid at once by the retailer on the stock he has on his floors from Aug. 1 to Aug. 31, it was explained. The cotton processing tax since that time has been collected on merchandise before it reaches the retailers.

## HANDCUFFED DRIVER PILOTING CAR HERE

Non-Stop Drive of 101 Hours

Is Goal of "Dare Devil"

Dolan of Cleveland.

A non-stop automobile run of 101 hours, being attempted here by "Dare Devil" Dolan of Cleveland, entered its forty-eighth hour today at 2:20 p.m.

Dolan, who was handcuffed to the wheel of the car by Police Chief William E. Marks, never brings the car to a stop. It was reported. He started the run from the police station Tuesday at 2:20 p.m.

When pulling up at traffic lights or in similar cases, Dolan keeps the car in motion by slowly driving back and forth. A spark plug was changed yesterday afternoon by a mechanic crouching by the hood while Dolan kept the car, a Chevrolet sedan, in motion.

Dolan hopes to keep up his pace until Saturday about 4 p.m. when the 101-hour will be reached.

## CUT LOOMS IN RATES OF RAILROAD SERVICE

Reduction Sought by Western

Roads To Be Nearly 50

Per Cent.

By The Associated Press NEW YORK, Sept. 14. A tall, thin, gray-haired veteran who commands the Marine barracks at Quantico, Va., has been promoted from colonel to brigadier general in the Marine Corps. Charles H. Lyman, who was born at Ravenna, Ohio,

is more than one regiment of marines to sail from Quantico to Cuba to protect American interests in the island territory. Lyman is expected to marine service to be in charge of them.

The promotion announced at the same time Brigadier General John H. Russell was named major general came on Lyman's fifty-eighth birthday, Sept. 22.

General Lyman's military career

had taken him from China to Panama since he fought in the Spanish-American war with the District of Columbia National Guard. He became a lieutenant in the marine corps in 1898.

The plan, when the western roads had hoped to put into effect as far back as June 1, contemplates a cut in the basic passenger fare from 36 cents a mile to a straight 2 cent-mile rate for round-trip tickets and elimination of the Pullman surcharge.

A slightly higher rate may be decided upon for one-way tickets but there is no assurance this will be done.

# Marion County Horse Wins Feature of Fair Races

## Patchen Girl Sweeps Three Straight Heats

Owned by John Fellmuth; Dr. McNamara's Pacer Takes Second Money.

By ROB BYRD

The Patchen Girl, four-year-old mare owned by John Fellmuth of north of Marion, performed brilliantly to win all three heats of the first division of the 2.26 pace, one of three harness events on the first of a three-day race program at the Marion county fair, yesterday.

Another Marion-owned mare to finish well in the meet was April Breeze, owned by Dr. J. G. McNamara of Marion, finishing second and fourth in the featured two-year-old race and taking second money in that event.

The Patchen Girl has been bred, raised and trained by Mr. Fellmuth. She is full sister to Patchen Boy, which Mr. Fellmuth sold for \$4,000. Both are colts and Lady Maudie, a mare owned by Fellmuth, and well-known in central Ohio a decade ago. Both also were sold by Baron Chan.

Both April Breeze, owned by Dr. McNamara, and Countess Jane, roan filly, winner of the two-year-old pace, owned by E. L. Mifflord of Columbus, were lined by Counterpart, winner of the \$25,000 pacing derby at Kalamazoo, three years ago. Counterpart is owned by H. M. Marshall of Urbana.

First Record

April Breeze is the first colt sired by Counterpart to take an official record, and Countess Jane is the first Counterpart-sired colt to have won a race, harness horse followers said yesterday.

In the second division of the 2.26 pace Dan M. black gelding owned by Howard Wood and driven by Anderson, took the first two heats but came third in the third heat after Ruby Dick, owned by Dwight Cesana of Kenton and Mayfield, owned by C. E. Price of Newark.

## BARNEY ROSS BEATS CANZONERI AGAIN

Tony Canzoneri (facing camera) tried to topple the lightweight boxing crown from Barney Ross' head in their 15-round New York fight, but the Chicago lad repulsed him to retain his title. The fighters are shown mixing it up in the tenth round. (Associated Press photo).

## Bowling Season Will Get Under Way Here Oct. 1

Marion's bowling season will open Oct. 1.

Rodenfels of Columbus will be ready for play on that day.

The alleys are located at 126 South Prospect street in the room formerly occupied by the Marion Recreation alleys.

Of the first two heats to win the day, not falling in an exciting third heat to win the final mule. In the first heat of the same race, Patchen Girl permitted Mabel McElwain to lead until they came into the home stretch. In the third heat of the race, Patchen Girl never lost her lead.

Close finishes marked the second division of the 2.26 pace, with Dan M. coming up from the field in both

of the first two heats to win the day, not falling in an exciting third heat to win the final mule. In the first heat of this race, Bill Chan, owned by George Swalen of LaRue, caused the crowd to gasp when, in making a break in front of the lead, he nearly fell.

Delayed by Rain

The races started at 2:35 p.m., after showers had caused a delay.

George W. Raub of Latrobe was the starting judge. Judges were O. C. McCurdy, Dr. N. Sifrit and John Fellmuth, all of Marion.

## TRAINING TABLE GETS BIG TEN APPROVAL

By The Associated Press CHICAGO, Sept. 14—Return of the football training table, which almost wiped out the Western conference after it was banned 28 years ago, was advocated today by a majority of the Big Ten gridiron coaches. They were of the opinion that re-establishment of the training table, with the gridiron hopefuls eating regular meals at the expense of the universities, would be a wise venture.

Robert M. Zuppke, veteran coach of the University of Illinois, who first suggested the return of the training table said that many of the football players were forced to eat frugally, some of them spending only 10 cents a day, and that they were entitled to get at least wholesome food as a reward for their services.

Zuppke's proposal found support from Clarence Spears, coach of Wisconsin State School of Iowa, and Harry Kunkle, coach at Michigan, which withdrew from the Big Ten in 1925, after fighting for retention of the training table. Spears said that none of his players were not getting enough to eat to keep them in top condition and that in some case those men were living in two towns, cooking their own meals so they could remain in shape.

Clark Shaughnessy, new football coach of the University of Michigan, while Steve W. Lounsbury of Ohio State, who is the only coach to object to retaining the table, considered the training table, which was discontinued from football because of the expense, to be justified in the case of amateur football and in no professional football.

DRUGS AND SUNDRIES

WANTED—Lung sufferers to try Lower's Prescription for bronchitis, asthma, severe coughs and colds. Especially wonderful for that cough that causes worry. Don't delay. Sold by all druggists. Manufactured by C. & I. Lower Chemists, Marion, Ohio.

USE Richey's Pile Remedy and you will be glad. Dan Gifford of Bellefontaine says he used it over 30 years ago, never had piles since.

ANNOUNCEMENT OF OUR NEW REMEDY

For thirty-two years I have tried diligently like many other Chemists to find a satisfactory elimination of bodily poisons (AUTO INTOXICATION) fully appreciating what a blessing it would mean to the average sick person.

I have seen some fairly successful products fail because as time goes on people expect progress and insist on more improvement. Today I feel we have achieved the new purpose. Our new product, HEPATIC TRITICUM has and is giving results far beyond our fondest expectations.

Numerous chronic ailments of all kinds heretofore unyielding show marked improvements after the system is cleansed of poisons.

I have always been very careful to confine myself to absolute truthful statements, and wish to state, don't be surprised of hearing of recoveries heretofore considered hopeless by this product.

HEPATIC TRITICUM. Nearly all chronic diseases today are more or less traceable to AUTO INTOXICATION (self poisoning) and in all cases where the source of the trouble is removed, we can expect miracles from MOTHER NATURE.

Today practically every one has, to some degree, a mild or bad form of AUTO INTOXICATION.

HEPATIC TRITICUM can be used by any one to obtain better health as it contains no drastic drugs. Users of HEPATIC TRITICUM become more healthy, kidneys and liver are improved and as elimination goes on it will aid nature to surmount obstacles of bad health which heretofore seemed to be impossible.

I am personally making an appeal to sufferers of all chronic ailments to try an auxiliary aid.

# RURAL SCHOOLS FACE PROBLEM

Guarantees of Tuition Payments Required in One Morning County District.

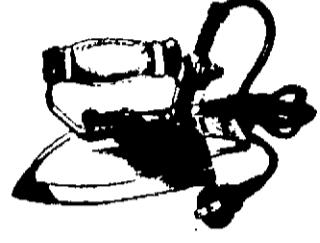

**SPECIAL TO THE STAR**

MT. GILEAD, Sept. 14.—Although school officials have been able to return all high school pupils to their respective schools, the tuition problem in some of the rural districts is not entirely settled. County Superintendent H. O. Hanna announced Wednesday, Parents of high school pupils from the Harmony township rural district are now required to guarantee tuition payments to the Chesterville, Marengo and Mt. Gilead schools as the district has no funds available and cannot secure aid from the state department.

Franklin township's problem has been temporarily solved by a state aid grant of \$500 for the payment of tuition owing high schools in other districts but no solution has yet been found for the Harmony township puzzle. The district's entire share of the next tax distribution is not sufficient to pay back tuition bills leaving out of consideration the current expenses of the one room schools.

Hanna said Wednesday that every effort would be made to keep all schools in the county open and that if the new tax program provides sufficient funds all state aid districts would be assured of a full term for both elementary and high schools.
